Dear Mr. Terreni:

Subject: Production of Documents by Petitioner
Ref: Progress Energy Petition No. 2004-219-E
Commission Order No. 2006-522 Appointing Hearing Officer
Dated September 1, 2006

Attached please find a copy of my letter to Mr. Anthony re my requests for documents and his affidavit.

Mr. Anthony steadfastly refuses to cooperate in this matter.

I will need these documents for the recently appointed Hearing Officer. So will Mr. Anthony.

If Mr. Anthony continues to refuse to cooperate as requested, I request the Commission to compel him to do so.

Mr. Anthony refuses to provide the documents because he cannot. He knows I do not owe his company anything.

Sincerely,

Beatrice Weaver
Respondent Pro Se.

Counsel for Progress Energy

Subject: **FOURTH DEMAND** for Notarized Sworn Affidavit Certifying to Accounts
and Amounts Claimed Due From Beatrice E. Weaver.
Ref: Ref: Docket No. 2004-219-E Public Service Commission
Demands dated January 16, 17, and August 17, 2006

Dear Mr. Anthony:

Reference is made to my letters of January 16, and 17, and August 17, 2006 to which I have yet to receive a proper and legally correct answer. The irresponsible, unprofessional and uncooperative responses I did receive from you will be addressed in due course of events.

As you know, the Commission has appointed a Hearing Officer to investigate "procedural matters, etc" but not the merits of the case. I assume the Order refers to the Commissions own handling of this Case, and your conduct as Counsel for the Petitioner; both of which I have questioned and intend to question in court in due course. If the Hearing is legitimate and conducted in an honest manner, and is not just another "whitewash" job for you, I expect to examine all of your violations of rules, regulations, laws and due process against me.

The attached copy of my September 7, 2006 letter to the Commission requesting clarification of the terms of reference of the hearing is attached for your file.

Meanwhile, as stated in my previous correspondence, your continued refusal to provide me with electric power to my residence in my name is based entirely on your as yet unsubstantiated claim that I, Beatrice Weaver, owe Progress Energy some \$5,314.34 as erroneously stated in your letters to the Commission dated December 5, 2005 and January 12, 2006.

In violation of statutes, rules and regulations, you have refused to respond to my previous Requests for you to document your spurious and fraudulent claim to the Commission that I owe your company this or any other amount. I do not owe your company anything, you know it, and you know you cannot prove it.

On the contrary, as I intend to show in court in due time, it is your company, represented by you, Ms. Hardy and Mr. Cagle, with the compliant cooperation of the Commission in dereliction of its duty, who owe me plenty for the damages, economic losses, and impairment of my health, as a direct result of your negligence and violation of S.C. State statutes, rules and regulations to which you are subject as an out-of-state provider.

My August 17, 2006 letter requested you to respond by August 31, 2006 which has come and gone without your answer. The Commission has done nothing to compel your production of documents as I have requested.

Herewith is my Fourth and last Request for you to document your claim as requested, within five business days of your receipt hereof.

Once Again, demand is hereby made to you to substantiate, identify and provide the data as I have requested in the First and subsequent Requests. Federal law requires that you comply.

As I have stated, your continued refusal to do so on a timely and cooperative basis substantiates your documented on-going pattern and practice of continued violations of the S.C. State's and the Commission's rules and regulations, permitted by the Commission Staff.

I again repeat for the record, that by your obstructive actions and continued refusals to comply with my request for documents and sworn affidavits substantiating your claim that I owe your company money, your silence admits to the fact that your argument is legally defective and that **you cannot prove your claim in figures, dates, documents and/or legal statutes.** Of course you know or should know that your claims presented to the Commission and ORS, are totally and legally incorrect. You base your argumentation solely on the Doctrine of Necessaries which does not apply in this case on several grounds, particularly the facts of the case. Your claim abetted by the Commission and the ORS is also a violation of several constitutional rights. This is described further in my letter of August 17, 2006.

: **Again I repeat my request that as Counsel for the Petitioner in this action, you promptly issue to the Commission with a copy to me, your notarized Affidavit, certifying under sworn oath that the said respective accounts and amounts for each account are true, accurate and factually correct, and that you have legal documents such as a contract with me, to support said statements. Please issue certified true copies of the said legal documents to the Commission, with copies to me.**

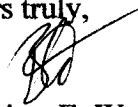

By copy of this demand, I am again for the fourth time requesting the Commission to order you to comply herewith and compel production of the requested documents to substantiate your claims, in the event you once again refuse to provide the affidavit as requested.

Such action is within the Commission's statutory and regulatory jurisdiction and authority under the rules of civil procedure. As previously noticed, a formal "Motion to Compel Production of Documents" and for "Answers" shall be filed if the Commission once again ignores this request.

For the record, your on-going uncooperative posture in this matter continues to cause me cumulative damages and losses, and physical and emotional stress adverse to my health and medical condition.

In view of my upcoming surgery, time is of the essence; please comply within five (5) business days of your receipt hereof.

Yours truly,

Beatrice. E. Weaver
